

A MESSAGE FROM OUR FOUNDER

Syria Education Campaign

Aceh Student Awards

Syria Blanket Campaign

Aleppo Border

Winter Jackets Campaign

Dear Supporters,

Peace and blessings upon you [Assalamu Alaikum],

On behalf of the Give Light Foundation family, we thank you for your generous support to further our mission to build loving homes and educational programs that nurture the mind, body and spirit of our children.

2016 was another amazing year for us at GiveLight and we hope for you and yours as well. Through His mercy and your unwavering support, we continued to grow and expand our reach with the following key highlights;

- 1) We broke ground in Morocco with target completion summer 2018.
- 2) One of our oldest girls- Samha, received a scholarship at the most prestigious University in Aceh; and is majoring in Science.
- 3) We initiated education scholarships for 100 Syrian orphans in Turkey.
- 4) We distributed 13,500 blankets to Syrian orphans and refugees in Istanbul.
- 5) We sponsored ten orphans in Kathmandu in partnership with a trustworthy local organization.

Our year concluded with wonderful blessings of a generous donation of land for our next home in South Africa. We will form a local team to work on getting permit and establish a presence by helping a local orphanage while we wait to build our own home.

With hard work, determination, your continued support and prayers, we shall have another blessed year in 2017, God willing.

Sincerely

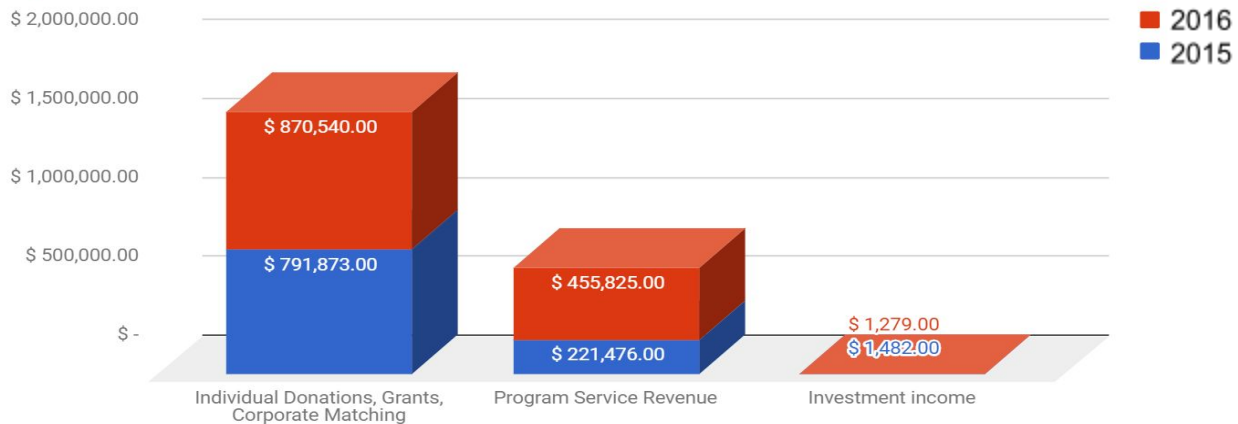

Dian Alyan
Founder/ CEO

Morocco Home Construction in Progress

FINANCIAL REPORT

Operational Income

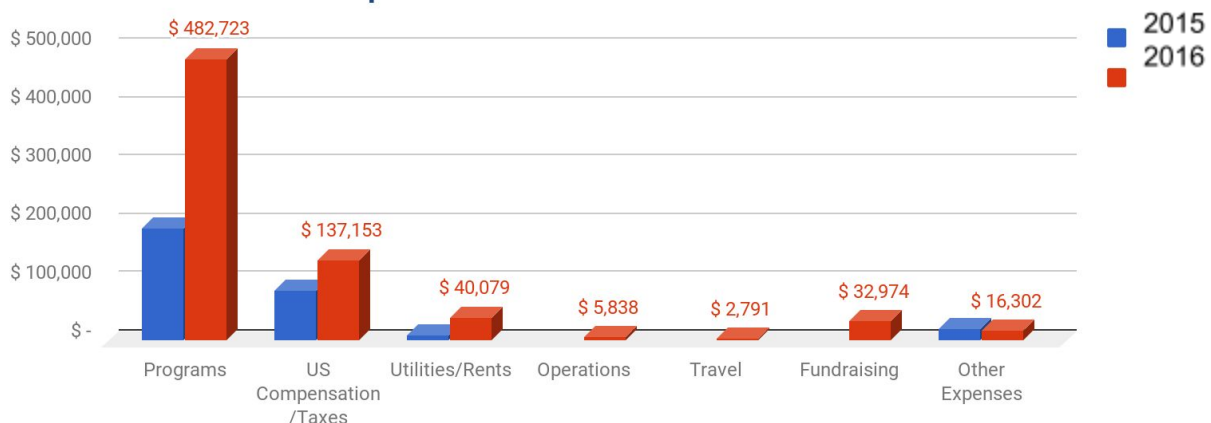

Since our inception, we have worked passionately to maximize and diversify donation sources. Our efforts have yielded steady growth and enabled us to work efficiently by keeping expenses down.

- Started renting office space in in year five (5).
- For the first 8 years, we functioned with a 100% volunteer base
- In 2016, we continued to maintain 1 full-time and 2 part-time employees, payroll expenses are at less than 10% of income.
- We maximize donations of services across all expense areas
- Continued to work in existing countries with the addition of Nepal and Turkey, which were added in late 2015
- In 2016 and beyond, we are gearing up for exciting international expansions
