Greetings of Peace,

I pray that you and your family are healthy during this unprecedented time.

Despite the challenges of COVID, we continued to witness God's mercy and your generosity. As such we were able to further our mission in creating loving homes and quality educational programs that nurture the mind, body, and spirit of our children. A few key highlights in 2020 are below:

- 1) We received a record donation amount in the holy month of Ramadan, without hosting any event.
- 2) During the summer, 21 youths from the community interned to engage in website design, video editing, and social media projects.
- 3) Our children participated in two Global Quran competitions that were held in May for recitation and September for memorization. First-place winners were from Indonesia, second place from Bangladesh, and third place from Morocco. We are so proud of their accomplishments and plan to continue this competition every year.
- 4) We received two grants from a generous foundation based in the Middle East, which will fund the expenses for two homes for one year.
- 5) More than 80 companies are supporting our work via Corporate Matching. Our new additions include Twitter, Goldman Sachs, Pepsi, and 3M.
- 6) Salesforce selected GiveLight as its global partner via the employee-based organization called Faithforce. We had a kick-off session in November and will pursue different opportunities where employees can make a direct impact via mentorship, scholarship, and eventually a visit to teach at our homes.
- 7) We launched a new program, Project Inspire. Our talented and loving mentors have been tutoring our GiveLight children in Quran, Math, English, Reading, and the Arts via Zoom.

The GiveLight family is extremely grateful to you for making GiveLight a continued success story. During these challenging times, may we all have meaningful impact in the lives of our GiveLight children, by His grace and your continued trust.

With gratitude and prayers, Sincerely,

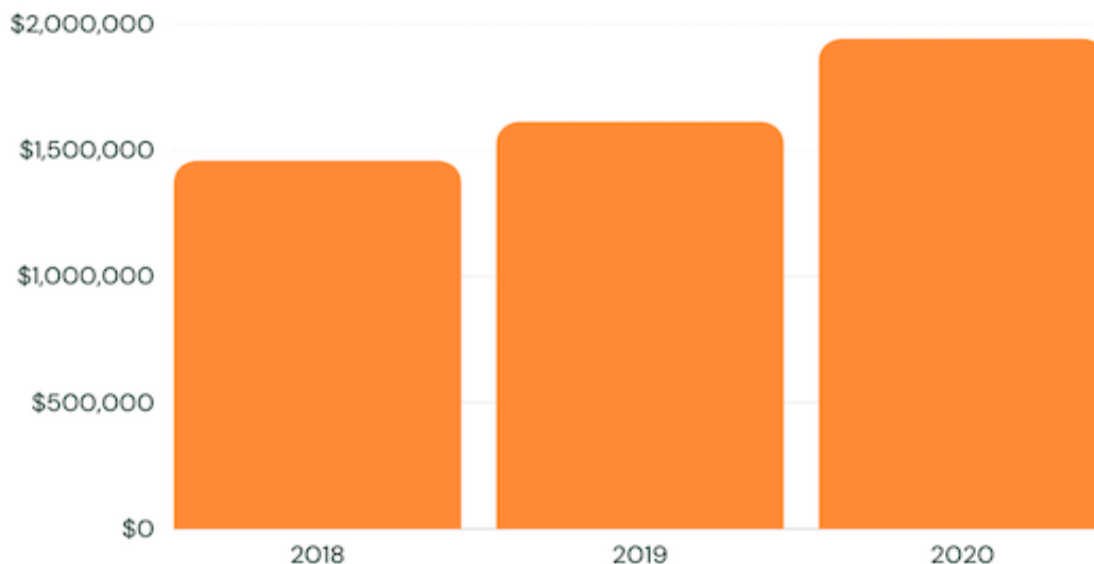

Dian Alyan Founder/  
CEO
